Description

Now you can sell size specific products tailored to the client's needs, carpets, flooring, wood merchants, metal suppliers, garden furniture makers, window companies, cloth manufacturers, in fact any product that involves cut goods, sold by dimension, length, width, height, surface, the list of uses for the CustomSize plugin is endless. CustomSIZE plugin and VirtueMart calculate the correct price for your customer, dynamically, based on the size they require. You can use a fixed standard price or use the price of a variant selection. You can use a fixed product price and add additionally a price per unit, or use the product price as unit price. You can also use predefined values displayed as dropdowns. The frontend layout is also overwriteable (radio buttons instead of dropdown for example).

Customer experience:

- Select product
- Easily adjust the product to the required size, by dimension, length, width, height, surface
- The price is then adjusted dynamically, based on your customers own size requirements
- Order

The CustomSIZE plugin blows open the doors, to enable you to offer custom sized products, based on what your customers want and need.

- to make setting it up a breeze.
- Sell customised products around your customer's needs
- You can define minimum and maximum values and even an offset
- The offset can be used as the base price as a kind of service (for example selling parquet flooring).
- Allow your customer to adjust the height of their table,
- The length of their bench,
- The size of their carpet.
- predefined values
- The possibilities are endless
